

Courtesy Code for Shared Roads

Cyclists:

- **Act like a vehicle on the roads.** Bicycles have the same right to be on the road as a vehicle and the same responsibilities as well.
- **Obey traffic laws, signs and signals.** Don't ride through stop lights or stop signs. Drivers are expected to adhere to the laws; drivers expect cyclists to do the same.
- Ride no more than **two abreast when clear. Return to single file** if riding two abreast will impede the flow of traffic, particularly on busy or curving roads or areas with narrow or no shoulders.

Drivers:

- Per the law, drivers must give at least **three feet of clearance** when passing a cyclist. Drivers are allowed to cross the center line when it is safe to do so.
- **Cyclists are allowed to use the travel lane** if the shoulder is dangerous due to debris or hazards.
- Cyclists are allowed to **take the lane in a roundabout.**
- It is **illegal to swerve at, buzz or throw things** at bicyclists.

3 feet to pass
2 abreast when clear
1 single file to allow passing

3 feet
to pass

Both Users:

- Expect the unexpected; never assume that you are heard or seen.
